

# Enhanced Terms Agreements for Employee Benefits

## Recent global events have thrown up a host of new workplace wellbeing challenges for employers, both inside and outside of the workplace.

As well as piling obvious pressure on NHS resources and waiting lists, several significant knock-on effects have occurred - from restrictions on dental treatment to mental health and wellbeing issues, musculoskeletal problems after hours spent at makeshift home desks to the ticking time bomb of cancer tests not yet taken.

Today, hardening insurance markets may only increase budget uncertainty in benefit expenditure.

**Following a review of leading providers, we can provide access to best-in-class solutions across:**

-  UK and International Private Medical Insurance
-  UK and International Group Life Assurance
-  UK and International Income Protection
-  Dental
-  Critical Illness
-  Employee Assistance Programmes

## Key benefits

### Lower cost

- Attractive terms **below standard market rates**, reducing your premiums
- Option to **fix premiums** beyond ordinary contracts, providing cost certainty

### Better cover

- **Wider range** of benefits available
- **Pre-existing conditions often removed** giving faster access to private treatment for more employees
- Added-value services such as an **Employee Assistance Programme** helpline, DNA testing, rehabilitation services or access to an online health hub
- **Higher cover** limits

### Better service

- Improved customer service e.g. **dedicated account managers**
- **Reduced administration time** e.g. designated points of contact

## Driving a modern approach to your employee benefits

- **Portfolio** – Enhanced benefit design with leading cover for employees to meet evolving needs of the workforce
- **Financing** – Cost certainty in a hardening insurance marketplace
- **Talent experience** – Enhanced employee access via remote and digital services
- **Admin and operations** – Reduced administration time with higher free cover limits and online enrolment
- **Analytics, insights and reporting** – Claim and activity data to support future decision making
